

## A Note About Finding Merit Badge Pamphlets Online

Learnscoutsbsa won't be giving out or distributing any pdf version of a merit badge pamphlet due to copyright issues. We simply don't have the rights to distribute. If you do find pdf versions out on the internet please keep in mind that those will almost certainly be outdated material with a list of requirements that won't match current approved requirements. This could confuse your scouts so please keep that in mind. A current example would be for Family Life Merit Badge. The last requirement was changed recently from asking the scout to discuss the role of a father to the role of parents. A bit different. The older pdf books out there would still list the prior content to match the requirement.
